

# Woven, Tattersall Ceiling Frames

# Specifications

|                   |                      |                    |
|-------------------|----------------------|--------------------|
| Application       | Ceiling              |                    |
| Composition       | 100% polyester       |                    |
| Material          | FilaSorb™            |                    |
| Recycled content  | 60% min. rPET        |                    |
| Weight            | 0.49 lb./ft2 (±10%)  |                    |
| Compatible T-grid | Type                 | Layout             |
|                   | 15/16" Flat          | Standard 24" x 24" |
|                   | 9/16" Flat           | Standard 24" x 24" |
| Standard Sizes    | 4" H x 24" W x 24" L |                    |
|                   | 6" H x 24" W x 24" L |                    |

# Sustainability

Made from 60% min. recycled content

Declare Red List Free (3<sup>rd</sup> Party Verified)

Generated using 40% solar energy

Recyclable at end of lifespan

Total VOC's less than 0.5 mg/m<sup>3</sup> (3<sup>rd</sup> Party Verified)

# Technical Data

|                              |                                                                            |
|------------------------------|----------------------------------------------------------------------------|
| Fire test                    | ASTM E84, Class A                                                          |
|                              | Flame spread index: 15                                                     |
|                              | Smoke developed index: 200                                                 |
| Water vapour sorption method | ASTM C1104-2019 (Procedure A Modified)                                     |
| Water sorbed by weight       | 0.20% (results based on a 12mm thick panel)                                |
| Total VOC test method        | SCS-EC10.3-2014 v4.0 meeting standard CDPH/EHLB Standard Method v.1.2-2017 |
| Total VOC result             | ≤ 0.5mg/m <sup>3</sup>                                                     |
| Colourfastness test method   | ISO 105-B02                                                                |
| Rating                       | 6-7                                                                        |

# Details

|                          |                |
|--------------------------|----------------|
